PRINCIPAL’S REPORT
Miss Humphreys has succumbed to the dreaded flu. We hope some rest will see her back on duty soon.

3/6B NEWS
This week 3/6B are starting to explore information reports in English and our Mathematics lessons are focussing upon chance. It was great to see many of the students displaying great enthusiasm for their procedural assessment task last week. The students independently created traffic light sandwiches. For the remainder of the term the students are also starting to study land formations during Science and Technology. A note will be coming home soon regarding a project for this topic. The project will be due in the last week of term. 3/6B and 3/6L will be performing at assembly this week.

3/6L NEWS
In class this week we have been presenting our models on an ancient Australian land formation. There have been some excellent dioramas presented and well researched discussions. Well done boys and girls. Our information reports on an extinct Australian animal are due this week. We started these in class but are finishing them off for homework. We have started our new text
type on procedures and have been exploring the language features and structure of a procedure.
In Maths we are learning about chance and probability. Students have learnt a game they might like to play with someone at home.

**MS PORTEOUS**
Katie Mead from the Heart Foundation will be launching our Jump Rope for Heart Program today, she will speak to the students about the Heart Foundation, heart health and also give a demonstration of her skipping skills. Hopefully this will inspire our keen skippers!
In Health, Kinder have been discussing their favourite physical activity.
Years 1 and 2 made a role play of what to do in an emergency.

**SPORTS NEWS**
We had our school athletics carnival last Friday. Thank you to the parents who assisted us on the day. Your help is greatly appreciated. It was a very close competition between the Emus and Kangaroos throughout the day, but the Emus just snuck in for the win by 6 points. Well done Emus. This Friday Kameisha and Rheya are attending the Regional Athletics Carnival in Canberra. Good luck at the carnival girls, we know you will try you best.

_Yours in sport, Dion Lalor._

**CANTEEN NEWS**
Hello Parents!
I am very sorry to inform you that the canteen will **NO LONGER** be open on Mondays.
Sorry for any inconvenience this may cause you.

## IMPORTANT NOTICE

**Dear Parent/Guardian/Carer**

I wish to inform you that a student in our school is currently receiving treatment for cancer. As cancer is not a contagious disease, he participates actively in the day to day school program without any major limitations.

A major concern, however, is that if this student develops measles, chickenpox or whooping cough he can become seriously ill. I seek your co-operation in preventing this situation.

If your child has or may have measles, chickenpox or whooping cough, I would ask that you please:

1. **DO NOT** send them to school.
2. Notify the school as soon as possible.

Thanking you in anticipation.

*Nicole Humphreys*
FLU SEASON IS HERE!
Influenza is spread from person-to-person through the coughing or sneezing of infected people. Remind your child about these good hygiene practices to minimise the spread of infection:
- Anyone who is sick with influenza symptoms should stay home until their symptoms are gone.
- Cover the nose and mouth with a tissue when coughing or sneezing. Throw the tissue in the garbage bin after use.
- Wash hands often with soap and water, especially after coughing or sneezing. Alcohol-based hands cleaners are also effective.
- Avoid touching eyes, nose or mouth. Germs spread that way.
- If you or your child develops influenza-like illness, seek the advice of your family doctor as you would with any other illness.

HEAD LICE
There has been a few cases of head lice at school and would like to ask all parents to please check their child’s hair. Following are some tips for tackling kids head lice:
- Use hair conditioner and a fine head lice comb,
- Apply hair conditioner to the hair and comb through with a wide-toothed comb to remove tangles,
- The conditioner helps to slow down the louse and makes it easier to comb out.

Anyone can pick up head lice. They are most common among young children as they often put heads together during play allowing the lice to walk from one head to the next. Head lice do not reflect standards of hygiene. They are just as willing to live in clean or dirty hair.

The augural Milton Ulladulla Comedy Festival “Ulladullirious” is to be held on the stunning South Coast of NSW on Friday 22 – Sunday 24 August 2014. For the adults, there will be a collection of Australia’s finest comedians visiting the region performing at pubs, clubs and restaurants over the weekend. There will also be the opportunity for your students, and family and friends of your students, to join in on the fun. Milton Ulladulla is only a short drive from anywhere in the Shoalhaven. During “Ulladullirious” there will be something for everyone with a variety of shows, workshops and activities to suit all ages. Some of the fun activities organised to keep the kids laughing are:

- The Plaza Ulladulla – Children’s Scavenger Hunt + a host of children’s activities
- Dunn & Lewis Centre – face painting, dress up bowling + more
- Ulladulla High School – Tommy Franklin and H E I M S K I
- Kids Comedy Workshops – DC Green and KM Doyle
