01 Feb 2015 Closing Balance $2,386.66
Total debits - $159.00
Total Credits - $0.00
Total Profit - $0.00

December – School Holidays no canteen
The year has started well with students, parents and teachers. Our older students have been great role models for our 8 new Kinder students.

We were sad to lose our departing Year 6 families last year but we have gained 5 new families whose children have started Kinder.

**Student Numbers:** We currently have student enrolments at 53. This means we will maintain the 3 classes we established this year. The structure is the same as was published in last week’s edition of Talkabout.

**Transport for students to sporting events and excursions:** Unfortunately due to our lower numbers the hiring of a bus to transport students to sporting events such as the FISST swimming carnival has become more expensive. We have been looking into alternatives but are now more reliant on parent transport.

All parents who transport students for school events will need to present their licence, car registration and comprehensive insurance papers to the school so we can make copies for our records – these are guidelines set by the DEC and we must adhere to them. These need to be presented every year.

**Expectations of students:** I am continuing to work with staff on changing the culture of the school in regards to student expectations. We want our students to leave Primary School as independent, self-motivated learners who can cope with the demands of an ever changing society where competition for jobs and careers will be fierce as employers look for highly motivated, innovative employees who are able to complete complex tasks as part of a team or independently.

We are pushing the students to produce high quality work and will be asking them to redo work that is not to standard. Society is now expecting these things and we are preparing our students for a 21st century world with ever increasing expectations, accountability and higher standards. This is starting from Kinder and the expectations are raised each year.

**School Leaders:** Year 6 students will present their speeches to the school population tomorrow and voting will be done straight after that. Announcements of positions will be made at next week’s assembly. All students in Year 6 are making speeches tomorrow to convince the school students about why they want to be a school leader and how they will be a good role model as they represent the school.
